OBJECTIVE

To leverage my expertise in software development and education to secure a role that combines collaborative team work, innovative software solutions, and educational technology, contributing to the advancement of learning outcomes and organizational goals.

SKILLS

ReactJS, React Native, NextJS, VueJS, NuxtJS, NestJS, NodeJS, ExpressJS.  
MongoDB, Postgres, MySQL.  
Firebase, Docker, directus.  
Java, Spring Boot  
UI/UX, Figma and Photoshop  
HTML5, SCSS, CSS, Web3  
Team Corporation  
Quality Assurance  
Expert Listener  
Fast Learner  
Teaching and Instruction: Curriculum development, lesson planning, classroom management.  
Communication and Leadership: Strong interpersonal skills, team management, and public speaking.

EXPERIENCE

Camsol innovations

Jan 2023 - Jan 2025

Team Lead

- Led a small team specializing in Full-Stack Development, focusing on delivering innovative software solutions.
- Proficient in GraphQL and REST API design and implementation, utilizing tools like Directus for headless CMS functionality and Harusa for efficient data management.
- Developed engaging and responsive user interfaces using React, Vue.js, and Next.js, ensuring a seamless user experience across platforms.
- Managed CI/CD pipelines using Jenkins and version control with Git, streamlining the development process.
- Known for a diligent work ethic, consistently delivering projects on time while maintaining a keen attention to detail.
- Utilized project management tools like Jira and GitHub Projects to plan meetings and oversee task completion.

REBIK MINES

Dec 2023 - May 2024

Backend Developer

Responsibilities

- Developed a robust REST API using NestJS.
- Implemented database functionality with PostgreSQL for efficient data management.
- Collaborated with cross-functional teams to ensure seamless integration of backend services.
- Key Achievement: Enhanced overall system functionality through high-performance API development

Zinger Systems

Sept 2022 - April 2024

Software Developer

- Specialized in front-end development using Vue.js and Quasar Framework, delivering high-quality, responsive web applications.
- Successfully completed multiple projects utilizing JavaScript, HTML5, CSS3, Vue.js, and React, demonstrating a versatile skill set across modern web technologies.
- Developed engaging user interfaces that prioritize user experience and accessibility, ensuring seamless interaction across devices.
- Expanded expertise into mobile development by creating cross-platform applications using Flutter, enhancing the reach and functionality of projects.
- Conducted extensive testing of mobile applications for quality assurance, identifying and resolving issues to ensure optimal performance and user satisfaction

HCTS

Oct 2021 - Mar 2022

Web Developer

- The development of the HCTS (Harmony Choir Talent Show) Project, automating the manual organization of small-scale talent shows.
- Created a widget for deprecated browsers and optimized various functions to enhance the platform's performance.
- Verified and managed the supply levels, proactively requesting new inventory to maintain optimal service levels.
- The HCTS project allows organizations to create talent competitions, enabling contestants to perform and voters to cast their votes.
- Hosted URL: <https://harmonyhcts.herokuapp.com/>

GBHS Kosala

Sept 2023 - Present

Computer Science Teacher and HOD

- Developed and implemented comprehensive computer science curricula for students.
- Led departmental meetings to discuss curriculum updates and teaching strategies.
- Coordinated with teachers to ensure consistent delivery of educational content.

- Conducted regular assessments to evaluate student progress and provided feedback.
- Fostered a collaborative environment among students and staff.

#### SWISSLINK

Oct 2024 - Present

Computer Engineering Lecturer

- Designed and delivered lectures on computer engineering principles and applications.
- Supervised student projects and provided guidance on research methodologies.
- Collaborated with colleagues to develop and update course materials.
- Conducted assessments and evaluations to measure student learning outcomes.
- Mentored students in their academic and professional development.

## EDUCATION

University of Bamenda

2018 - 2021

Computer Science

University of Bamenda

2021 - 2023

DIPET II in Computer Science
